Items to note with regard to this certificate are shown on the reverse.

The Protection Profile identified in this certificate has been evaluated at an accredited and approved Evaluation Facility using the ‘Common Methodology for IT Security Evaluation CEM:2022 Release 1’ and the ‘Errata and Interpretation for CC:2022 (Release 1) and CEM:2022 (Release 1) Version 1.1’, for conformance to the ‘Common Criteria for IT Security Evaluation CC:2022 Release 1’. This certificate applies only to the specific version of the Protection Profile listed in this certificate and in conjunction with the complete Certification Report. The Evaluation has been conducted in accordance with the provisions of the Japan IT Security Evaluation and Certification Scheme and the conclusions of the Evaluation Facility in the Evaluation Technical Report are consistent with the evidence adduced. This certificate is not an endorsement of the Protection Profile by the Information-technology Promotion Agency or by any other organisation that recognises or gives effect to this certificate, and no warranty of the Protection Profile by the Information-technology Promotion Agency or by any other organisation that recognises or gives effect to this certificate, is either expressed or implied.
