Type of IT Product: Multi Function Product

Evaluation Criteria:

- **Common Criteria for Information Technology Security Evaluation Version 3.1
Revision 2**

Evaluation Methodology:

- **Common Methodology for Information Technology Security Evaluation Version 3.1
Revision 2**

Assurance Level: **EAL3**

Protection Profile Conformance: **None**

Name of CCTL: **Information Technology Security Center**

Evaluation Department

Date of Certification: **February 25, 2010**

The IT product identified in this certificate has been evaluated at an approved evaluation facility established under the Japan IT Security Evaluation and Certification Scheme using the *Common Methodology for Information Technology Security Evaluation Version 3.1 Revision 2*, for conformance to the *Common Criteria for Information Technology Security Evaluation Version 3.1 Revision 2*. This certificate applies only to the specific version and release of the product in its evaluated configuration and in conjunction with the complete certification/validation report. This evaluation has been conducted in accordance with the provisions of the Japan IT Security Evaluation and Certification Scheme and the conclusions of the evaluation facility in the evaluation technical report are consistent with the evidence adduced. This certificate is not an endorsement of the IT product by the Information-technology Promotion Agency or by any other organization that recognizes or gives effect to this certificate, and no warranty of the IT product by the Information-technology Promotion Agency or by any other organization that recognizes or gives effect to this certificate, is either expressed or implied.

The misuse of this certificate, including its use regarding the IT Product or system or PP of a version differing from that appearing in this certificate or the use of certificate for publications, such as advertisements and catalogs, in an incorrect or misleading manner may result in withdrawal of this certificate.
